# RANGIROA, FRENCH POLYNESIA

Rangiroa is French Polynesia's largest atoll. More than 400 motu (islets) enclose the lagoon, which is so wide and long that one cannot see the southern row of the motu from the two main islets in the north - hence the local name Rangiroa meaning wide or long sky, sometimes taken as 'immense sky'. There are several passes from the ocean into the lagoon and the two main villages of Avatoru and Tiputa are located next to the passes of the same names. Snorkeling at these passes is one of Rangiroa's main touristic draws. Government jobs, ecotourism and pearl farming are the main sources of income on the atoll. The lagoon's calm turquoise

waters, rich marine underwater world, and relaxed atmosphere attract visitors year-round. Both Avatoru and Tiputa also feature schools for the other Tuamotu Islands which have no higher education possibilities. One of Rangiroa's most unusual attractions is the white and rose wine produced on the islet immediately west of Avatoru - the wine has won several awards.

## THE PUREST WATER YOU CAN DRINK

IN OUR QUEST FOR THE PUREST WATER POSSIBLE, SILVERSEA HAS CHOSEN TO STOCK THIS SHIP WITH VERO WATER

We all know that, for the most part, our health and well-being depend on the quantity and the quality of the water we drink. Most filtration systems filter chlorine, aluminium, lead and parts of calcium. However, they still leave small polluting particles.

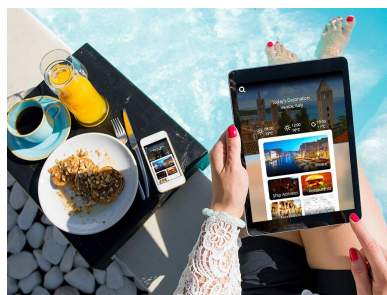

The Vero filtration system efficiently removes even the smallest particles, leaving behind a light, clean and refreshing taste enjoyed by all and is probably the purest water you can drink.

## BIOSECURITY REGULATION - IMPORTANT INFORMATION

Plant Quarantine Branch informs all Guests and Crew that they are requested **not to bring agricultural items** (fresh fruit, flowers, vegetables, plants or parts thereof) ashore. This is to prevent the introduction of new pests and diseases into French Polynesia and to protect their agriculture. We thank you for understanding.
